

Integrated terminals with Cloud Commerce Pro EPoS and Paymentsense

Integration puts you in the driver's seat. By creating a seamless link between your Cloud Commerce Pro EPoS and Paymentsense card terminal, you can unlock an exciting set of new features for you and your customers.

Boost profits

Eliminate mis-keying and revenue write-offs.

Increase efficiency

Save time with faster payments and reconciliation.

Improve Customer Experience

Cut queues and increase staff efficiency.

Pay at Counter

Our Pay at Counter option is made specifically for retail and counter service businesses. Offered at no additional cost, it empowers staff to cut queues much faster, increase efficiency and improve the customer experience.

- ① Scan/key in the order on the EPoS
- ② Total appears automatically on the terminal
- ③ Cardholder makes payment
- ④ No room for mis-keying or costly errors
